First End Style:

External threaded

End Similarity:

Not identical

Overall Length:

5.0100 inches

End Application:

Enterprize class cvn-65

First End Diameter:

0.8750 inches

First End External Thread Length:

1.412 inches

Step Quantity:

3

Special Features:

2nd end base 3.0000 in. Wide x 3.5000 in. Long x 0.6300 in. Thick. Dog spindle used on 66 x 72 hrwt door.

Material:

Steel

Material Specification:

Dod-f-24669/1 cr 8620 military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23200

Mil-std (military Standard):

spec.
