First End Style:

External threaded

Overall Length:

5.5000 inches

End Application:

Enterprize class cvn-65

First End Diameter:

Between 1.4960 inches and 1.4970 inches

First End External Thread Length:

1.4960 inches

Surface Finish:

125.0000 microinches

Product Name:

Dog, spindle

Special Features:

Mounting end is of shape quarter round from center dia. Of axle shaft with 2 ea. 0.2500 in. Dia. X 0.6300 in. Deep threaded holes at opposite corners

Material:

Steel

Material Specification:

Dod-f-24669/1 cr 8620 military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23200

Mil-std (military Standard):

spec.
