Shouldered Shaft - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/3040-01-483-5414

Overall Length:
19.0700 inches
End Application:
Nssn class submarine; Ipt and wst 30 in. Lower hatch and operator assembly
Step Quantity:
3
Largest Step Diameter:
4.7500 inches
Product Name:
Shaft, gear
Material:
Nickel alloy
Material Specification:
Qq-n-286 form 2 anl hf ah federal specification single material response
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A23200
