Overall Length:

19.0700 inches

End Application:

Nssn class submarine; lpt and wst 30 in. Lower hatch and operator assembly

Step Quantity:

3

Largest Step Diameter:

4.5000 inches

Product Name:

Coupling, actuator

Material:

Nickel alloy

Material Specification:

Qq-n-286 form 2 cond-anl federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23200
