Overall Length:

3.7130 inches

Overall Width:

0.7500 inches

Overall Thickness:

0.4200 inches

End Application:

Minesweeper

Mounting Method:

Drilled hole

Product Name:

Lever, actuator

Fulcrum Bore Size:

0.3750 inches

Material:

Steel

Material Specification:

Type 347 sae ams 5646, or type 321 sae ams 5645 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A524v0
