Overall Length:

2.2600 inches

Mounting Hole Diameter:

0.3440 inches

Mounting Hole Quantity:

4

End Application:

Booster pump assembly p/n 6983533

Special Features:

Stainless steel astm a276 uns s30400 or s30403; mounting flange 2.0000x2.0000 inches; mounting holes at each corner 1.4370 inches center to center; item has one 0.3750-18 npt threaded hole on one side and one 0.2500-18 npt threaded hole on the other side

Material:

Stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A521h0
