Linear Actuating Cylinder Piston Rod - Page 1 of 1

View Online at <https://aerobasegroup.com/nsn/3040-01-485-8290>

Overall Length:

107.600 inches

End Application:

Hydraulic hoist cylinder p/n 5489410

Operation Method:

Hydraulic cylinder

End Connection Type:

Threaded

Product Name:

Piston rod

Special Features:

Critical material item - certification reports required: one end threaded 2 1/4-12un-3b, other drilled 1.00 in. Dia; drilled end 2.496-2.498 in. Dia, chamfered 30 deg.X .50 l.

Material:

Nickel alloy

Thread Size And Series/type Designator:

2.25-12 un

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A525x0
