Overall Length:

3.920 inches

Overall Width:

6.500 inches

End Application:

Hdr/swm ssn 688, ssn 21

Special Features:

Nha hydraulic cylinder assembly p/n 6853529-1 for closure door; item consists of one each base p/n 6931003-3, three each piping p/n 6931003-4, one each plug p/n 6931003-5, and one each plug 6931003-6; piping material astm a312 grade tp 316l cres, all other material qq-s-763 cres 316; item is rectangle shape width is 6.500 in x 5.000 in, does not include length of installed piping.

Material:

Stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A525y0
