First End Style:

Square (round corners)

End Similarity:

Not identical

Second End Style:

Splined (involute)

End Application:

Los angeles class ssn (688)

Product Name:

Shaft, flood valve, interlock assembly

Special Features:

Part of trash disposal unit

Material:

Nickel alloy

Material Specification:

Qq-n-286 form 2, cond anl, an fin-b federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23200
