Overall Length:

5.750 inches

Body Width:

2.000 inches

Body Thickness:

0.750 inches

End Application:

Aircraft carrier cvn 74, ballistic hatches

Link Style:

Straight

Body Construction:

Solid

Product Name:

Interlock

Special Features:

First end has a 3.250 in. X 1.500 in. Dia. Rod installed in a 1.5 in. Hole: second end has 1.031 in. Dia. Hole

Material:

Stainless steel

Material Specification:

Qq-s-766, cl-304, cond a federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A52410
