Overall Length:

83.125 inches

Body Width:

3.000 inches

Body Thickness:

1.000 inches

End Application:

Aircraft carrier cvn 72 weapons elevator door dogging assemblies

Link Style:

Straight

Body Construction:

Solid

Product Name:

Bar, sliding dog

Special Features:

Opposite hand to p/n 701-5941245 sh 1 pc 16; 5.250 in. height after weldment; 6.750 in. width after weldment

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A52410
