Overall Length:

21.690 inches

Body Width:

0.440 inches

Body Thickness:

0.250 inches

End Application:

Seawolf class ssn

Link Style:

Straight

Body Construction:

Solid

Product Name:

Rod, connecting

Special Features:

Critical technology; export controlled

Material:

Stainless steel

Material Specification:

Qq-s-763, cl 316 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A524I0
