**Overall Length:**

5.125 inches

**Body Width:**

1.750 inches

**Body Thickness:**

0.874 inches

**End Application:**

Aircraft carrier cvn 76 ballistic doors

**Link Style:**

Straight

**Body Construction:**

Solid

**Product Name:**

Rh dog lever

**Special Features:**

1.131 in. Dia. X 0.909 in. Max. Slot width has a 21 degree angle from centerline

**Material:**

Steel

**Material Specification:**

Astm a 108 assn standard single material response

**Surface Treatment:**

Zinc

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A52410
