Body Length:

8.880 inches

End Application:

Remote operator system

Drive Type:

Direct and gear

Mounting Facility:

Mounting brackets

Product Name:

Valve station actuator 25: 1

Special Features:

25: 1 ratio; includes gear housing & ring gear rollers; output spindle 0.998 in. Dia; input end 0.467 in. Dia

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A30500
