Body Diameter:

0.875 inches

End Application:

W/s: a/c carrier cvn 76; e/i: 36x30 qa ballistic hatch

Link Style:

Eye to external thread

Body Construction:

Solid

End Attachment Hole Diameter:

1.000 inches first end

End Attachment Width:

0.500 inches first end

Product Name:

Pushrod - short

Special Features:

Length from threaded end to centerline of eye is 7.437 inches; threaded end length is 1.500 inches.

Material:

Steel

Material Specification:

S-22698 military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A52410

Mil-std (military Standard):

spec.
