End Application:

Linear hydraulic actuator model number la196al

Ring Groove Quantity:

1

Thread Size:

1.500 inches

Product Name:

Piston rod

Special Features:

Piston and rod are integral one piece

Material:

Steel

Specification Data:

0fwc2-astm a564 alloy s17400 type 630 condition h1100 professional/industrial association specification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A518j0
