#### **End Application:**

Pneumatic actuator model cb415

#### **Product Name:**

Yoke, cb415 actuator valve

## **Special Features:**

Scotch yoke mechanism transforms linear movement of the piston into a 90 degree rotating movement, providing optimum start or end

torque

### Material:

Iron cast

Shelf Life:

N/a

## Unit Of Measure:

---

#### Demilitarization:

No

## Fiig:

A524p0
