Overall Length:

10.3750 inches

Body Width:

2.5000 inches

Body Thickness:

0.7500 inches

End Application:

Seawolf class ssn

Link Style:

Straight

Body Construction:

Solid

Product Name:

Drag link

Special Features:

One hole through each end 1.6240 inches dia.

Material:

Nickel alloy

Material Specification:

Qq-n-286 form 6 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A52410
