Body Width:

1.500 inches

Body Thickness:

0.380 inches

End Application:

Transport leg assembly (semi tractor)

End Attachment Style:

Raised face, round both ends

Link Style:

Raised face ends

Body Construction:

Solid

Product Name:

Center link

Special Features:

End terminations hollow, solid stock rectangular 0.380 thick

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A52410
