Overall Length:

5.260 inches

Body Width:

2.500 inches

Body Thickness:

0.750 inches

End Application:

Linkage assembly, vent valve mbt 6; seawolf class submarine ssn 23.

Link Style:

Straight

Body Construction:

Solid

Special Features:

Link has two holes 1.251 maximum diameter at 3.000 distance b/t c/l's.

Material:

Nickel alloy

Material Specification:

Qq-n-286 national specification all material responses

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A524I0
