Overall Length:

8.780 inches

Overall Height:

8.000 inches

Overall Width:

8.000 inches

Mounting Hole Quantity:

6

Overall Thickness:

0.750 inches

End Application:

Mbt 6 vent valve linkage assembly used on seawolf class submarine ssn 23

Specific Use:

Bell crank mounting support

Special Features:

1.000-8 unc-2a x 2.000 long threads on one end; total 5 steps on part; 0.781 inch diameter (6) mounting holes; 2.745 to 2.748 inch diameter x 5.278 long bearing area

Material:

Nickel alloy

Specification Data:

80348-qq-n-286 form 2 condition: hot finished, annealed & age hardened government specification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A520k0
