Overall Length:

14.000 inches

Body Width:

2.820 inches

Body Thickness:

3.000 inches

End Application:

Pinion drive

Link Style:

Eye ends

Body Construction:

Solid

Product Name:

Link

Special Features:

Link eye diameter: 2 x 3.501 or 3.500

Material:

Aluminum and copper alloy and nickel

Material Specification:

Qq-n-288 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A52410
