First End Style:

Plain

End Similarity:

Not identical

Second End Style:

Square (round corners)

Second End Width Across Flats:

0.625 inches

End Application:

Los angeles class ssn (688)

First End Diameter:

0.7500 inches

Second End Diameter:

0.7500 inches

Second End Step Length:

1.375 inches

Product Name:

Shaft

Special Features:

OPER-AT-ORA-SSEM

Material:

Steel comp 4142

Material Specification:

Aisi/sae 4142 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23200
