End Application:

Nssn class submarine

Link Style:

Straight

Body Construction:

Solid

Product Name:

Link

Special Features:

Next higher assembly: link assembly, nsn 3040-01-497-4358; used on the torpedo tube muzzle door assembly lh & rh

Material:

Nickel alloy

Material Specification:

Qq-n-286 form-6, cond-hr; anl, fin-a federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A52410
