| Body Material:                |
|-------------------------------|
| Brass                         |
| Bore Diameter:                |
| 5.477 inches                  |
| End Application:              |
| Los angeles class ssn (688)   |
| Compressed Length:            |
| 173.372 inches                |
| Extended Length:              |
| 303.372 inches                |
| Design Characteristics:       |
| Single acting single cylinder |
| Product Name:                 |
| Cylinder assembly, hydraulic  |
| Special Features:             |
| Matreial of cylinder: monel   |
| Shelf Life:                   |
| N/a                           |
| Unit Of Measure:              |
|                               |
| Demilitarization:             |
| Yes - demil/mli               |
