Width:

1.500 inches

Overall Length:

5.945 inches

Thickness:

0.740 inches

Hole Arrangement Style:

Indefinite

Mounting Hole Diameter:

0.359 inches

End Application:

Virginia class submarine, ssn-774

Friction Lining Material:

Rubber, synthetic

Lining Style:

Rectangular block plain

Hole Type And Quantity:

4 counterbored

Actuation Method And Location:

Cam internal

Attachment Method:

Bolted

Special Features:

Next higher assembly, p/n 04-10-000, stowage drum assembly, 0e-9070e

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A230a0
