Hydraulic Accumulator Piston Rod - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/3040-01-500-7984

Overall Length:
43.560 inches
Overall Diameter:
Between 2.746 inches and 2.748 inches
End Application:
Accumulator assembly; ws: seawolf class submarine.
Product Name:
Tailrod, piston
Special Features:
Piston rod is hollow with a 1.25 inch inside diameter.Both ends have a cross section through hole. Shouldered rod attaches to the
accumulator piston.
Material:
Stainless steel
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A23900
