End Application:

Mercruiser bravo stern overdrive assembly

Integral Valve Operation Method:

Hydraulic

Design Characteristics:

Single acting single cylinder

Product Name:

Steering cylinder assembly, compact hydraulic

Special Features:

Steering cylinder assembly includes fitting assembly-bleeder valve, seal kit, clevis, pins, pivot bolt and bearing kit.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A34200
