Overall Length:

69.030 inches

End Application:

Aircraft, c-5 galaxy

End Attachment Style:

Eye both ends

Body Construction:

Tubular

Product Name:

Rod assembly

Special Features:

Used on the inboard lh elevator interconnect assembly; adapter p/n 4c51093-101a is fitted on the end of the rod p/n 4c51092-101a and riveted in place

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A52410
