Overall Length:

5.500 inches

Body Diameter:

2.000 inches

End Application:

Power supply

Link Style:

Connecting arm w/ retaining pin holes ends

Body Construction:

Solid

End Attachment Style:

B3

End Attachment Hole Diameter:

0.250 inches both ends

End Attachment Length:

3.290 inches both ends

End Attachment Width:

0.500 inches second end

Product Name:

Pin

Special Features:

Item name on drwg-pin, swivel, linkage, aft-boarding ladder; surface treatment is nickel and chrome

Material:

Steel

Material Specification:

Ams6532 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A52410
