Overall Length:

5.500 inches

Body Diameter:

3.000 inches

End Application:

Power supply

Body Construction:

Solid

Product Name:

Pin

Special Features:

Item name on drwg is pin, swivel, linkage, forward, boarding ladder; surface treatment is nickel and chrome

Material:

Steel

Material Specification:

Ams6532 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A52410
