Overall Length:

6.500 inches

End Application:

F-15/f-16 aircrafts

Step Quantity:

1

Largest Step Diameter:

2.768 inches

Product Name:

Shaft

Special Features:

Material is stainless steel-use military specification 17-4; used on mc2000 test stand output shaft assembly; shaft has a 3/8" keyway at largest end; purpose of shaft is to mate constant speed drive & idg to the mc2000 generator test stand

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23200

Mil-std (military Standard):

spec.
