Body Material:

Steel

Bore Diameter:

1.500 inches

End Application:

1.50 bore x 19.500 stroke, hydraulic cylinder

Design Characteristics:

Double acting single cylinder

Mounting Type And Location:

Fork cylinder head end

Product Name:

Series 2h, style bb, hydraulic cylinder

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A34200
