Linear Actuating Cylinder Assembly - Page 1 of 1

View Online at <https://aerobasegroup.com/nsn/3040-01-507-8618>

End Application:

Boat harbor security, 8 meter, 8mhs

Design Characteristics:

Double acting single cylinder

First Piston Rod End Style:

External threaded

Piston Rod End Similarity:

Identical

Mounting Type And Location:

Trunnion center section

Product Name:

Front mount cylinder

Special Features:

Use on honda outboard engines, model 115-130hp, year: 1998 to date; use seal kit hs5157 (nsn 3040-21-914-4341), to replace gland seals

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A34200
