**Overall Width:**

11.250 inches

**Construction Type:**

One piece

**End Application:**

Seawolf class ssn submarine; floating wire antenna

**Housing Material:**

Stainless steel

**Special Features:**

Cover thickness is .625

**Material Specification:**

Qq-s-766 cl304 federal specification 2nd material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A522y0
