Overall Length:

93.500 inches

Body Diameter:

4.000 inches

End Application:

Nha: door assembly, left and right hand

Link Style:

One connecting arm w/retaining pin hole in straight end

Body Construction:

Solid

Product Name:

Lockrod, door-rear, inner

Special Features:

End item: fmtv a1 medium tactical truck. Lockrod one end threaded m4x.07, the other end has 90 degree bend.

Material:

Steel

Material Specification:

Astm a108, grade 1018, bar cold finish assn standard single material response

Surface Treatment:

Zinc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A52410
