End Similarity:

Not identical

Overall Length:

13.250 inches

End Application:

F-22 raptor

Largest Step Diameter:

Between 0.858 inches and 0.859 inches

Product Name:

Shaft - torsion spring, arresting gear

Special Features:

Opposite 5hl72072-101

Material:

Titanium

Material Specification:

Mil-t-9047 rod federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A23200

Mil-std (military Standard):

Mil-t-9047 spec.
