Body Length:

4.370 inches

Body Width:

0.175 inches

Stroke Length:

0.800 inches

Product Name:

Linear proportional actuator

Special Features:

Linkage-free; push actuation; polarity protected; failsafe operation using spring to return actuator to fuel position; corrosion resistant plated steel casing and mounting flange

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A30500
