Overall Height:

0.090 inches

End Application:

Av8b plus aircraft

Mounting Method:

Drilled hole

Product Name:

Lever-brake mixer shaft, toe brake

Special Features:

One hole 0.195 to 0.202 inch dia; 2nd hole 0.375 to 0.376 inch dia; distance between center hole to center hoole 1.170 inch

Material:

Stainless steel

Fsc Application Data:

Nha 75a673021 lever assembly

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A524v0
