**Overall Height:**

0.090 inches

**End Application:**

Av8b plus aircraft

**Mounting Method:**

Drilled hole

**Product Name:**

Lever-brake mixer shaft, toe brake

**Special Features:**

One hole 0.195 to 0.202 inch dia; 2nd hole 0.375 to 0.376 inch dia; distance between center hole to center hoole 1.170 inch

**Material:**

Stainless steel

**Fsc Application Data:**

Nha 75a673021 lever assembly

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A524v0
