Overall Height:
0.090 inches
End Application:
Av8b plus aircraft
Mounting Method:
Drilled hole
Product Name:
Lever-brake mixer shaft, toe brake
Special Features:
One hole 0.195 to 0.202 inch dia; 2nd hole 0.375 to 0.376 inch dia; distance between center hole to center hoole 1.170 inch
Material:
Stainless steel
Fsc Application Data:
Nha 75a673021 lever assembly
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A524v0
