First End Style:

Internal threaded

End Similarity:

Not identical

Overall Length:

3.250 inches

End Application:

Swm/hdr antenna cable guide & support bracket

Step Quantity:

1

Largest Step Diameter:

0.750 inches

Special Features:

Second end is flange; shaft diameter maximum 0.625in

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23200
