First End Style:

Plain

End Similarity:

Not identical

End Application:

Heavyweight torpedo engine assembly stand

First End Diameter:

0.8750 inches

Product Name:

Bearing shaft

Special Features:

Shaft has tapered ends 1/16 th x 45 degrees

Material:

Steel comp 1018

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23200
