Overall Length:

2.281 inches

Body Diameter:

1.180 inches

Body Width:

1.548 inches

End Application:

Aircraft c-2a

End Attachment Style:

Raised face, round first end

Link Style:

Shouldered to straight w/retaining pin hole

Body Construction:

Tubular

Product Name:

Crank assembly

Material:

Aluminum alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A52410
