First End Style:

Plain

End Similarity:

Not identical

Second End Style:

Hexagonal

Overall Length:

5.969 inches

End Application:

Lathe, engine

First End Diameter:

0.7290 inches

Second End Diameter:

0.7500 inches

Step Quantity:

3

Product Name:

Shaft, lifting

Special Features:

Nha: 8 inch relief valve type 1701-h

Material:

Stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23200
