Overall Width:

Between 0.047 inches and 0.050 inches

Overall Diameter:

Between 2.470 inches and 2.475 inches

End Application:

A-37 spt equipment

Product Name:

Disc-brake outer

Special Features:

Friction material (no. 418) on both sides to be applied by cage 01141; disc has 80 teeth; 40 pitch 20 degrees pa; nha is p/n 6028 and is used on lgm 30 missile system elevator work cage

Material:

Copper alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A515v0
