End Application:

C-17a aircraft

Step Quantity:

6

Product Name:

Shaft, shouldered

Special Features:

Component of 757300c generator, nsn 6115-01-415-4477; name on drawing is shaft, spline; internal spline has 14 teeth; external spline has 26 teeth

Material:

Stainless steel

Material Specification:

Ams6265 mfr ref single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23200
