Overall Length:

7.630 inches

Overall Width:

5.520 inches

Overall Thickness:

0.375 inches

End Application:

Lever, clamping; heavyweight torpedo, special tool repair parts

Mounting Method:

Threaded hole

Product Name:

Inavy-lever, clamping

Material:

Aluminum alloy

Material Specification:

Astm b 209 assn standard single material response

Surface Treatment:

Anodize

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A524v0
