End Application:

C-2a aircraft, flight control direct

End Attachment Style:

Eye both ends

Body Construction:

Tubular

End Attachment Length:

1.937 inches first end

Product Name:

Inavy-push rod assembly

Special Features:

Length 52.625 inches

Material:

Aluminum alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A52410
