Linear Actuating Cylinder Assembly - Page 1 of 1

View Online at <https://aerobasegroup.com/nsn/3040-01-556-1303>

**Body Material:**

Steel

**Bore Diameter:**

0.500 inches

**End Application:**

Steering gear

**Extended Length:**

1.750 inches

**Pressure Rating:**

3500.0 pounds per square inch

**Integral Valve Operation Method:**

Hydraulic

**Mounting Type And Location:**

Ahhfoot mounts

**Special Features:**

Std rod 0.25 dia, male thd end, with rod clevis, narrow style, 0.4375 20unf 2b str thd ports steel, with buna n seals

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A34200
